

CLdN

Connect with one of Europe's leading providers of integrated logistics solutions

> CONNECT WITH

Founded in 1929, we combine sea transport, port terminals, and onward journeys by rail and road into a single connected network.

Operating across the UK, Ireland, Iberia, Scandinavia and mainland Europe, we move your freight efficiently, reliably and sustainably.

➤ CONNECT WITH

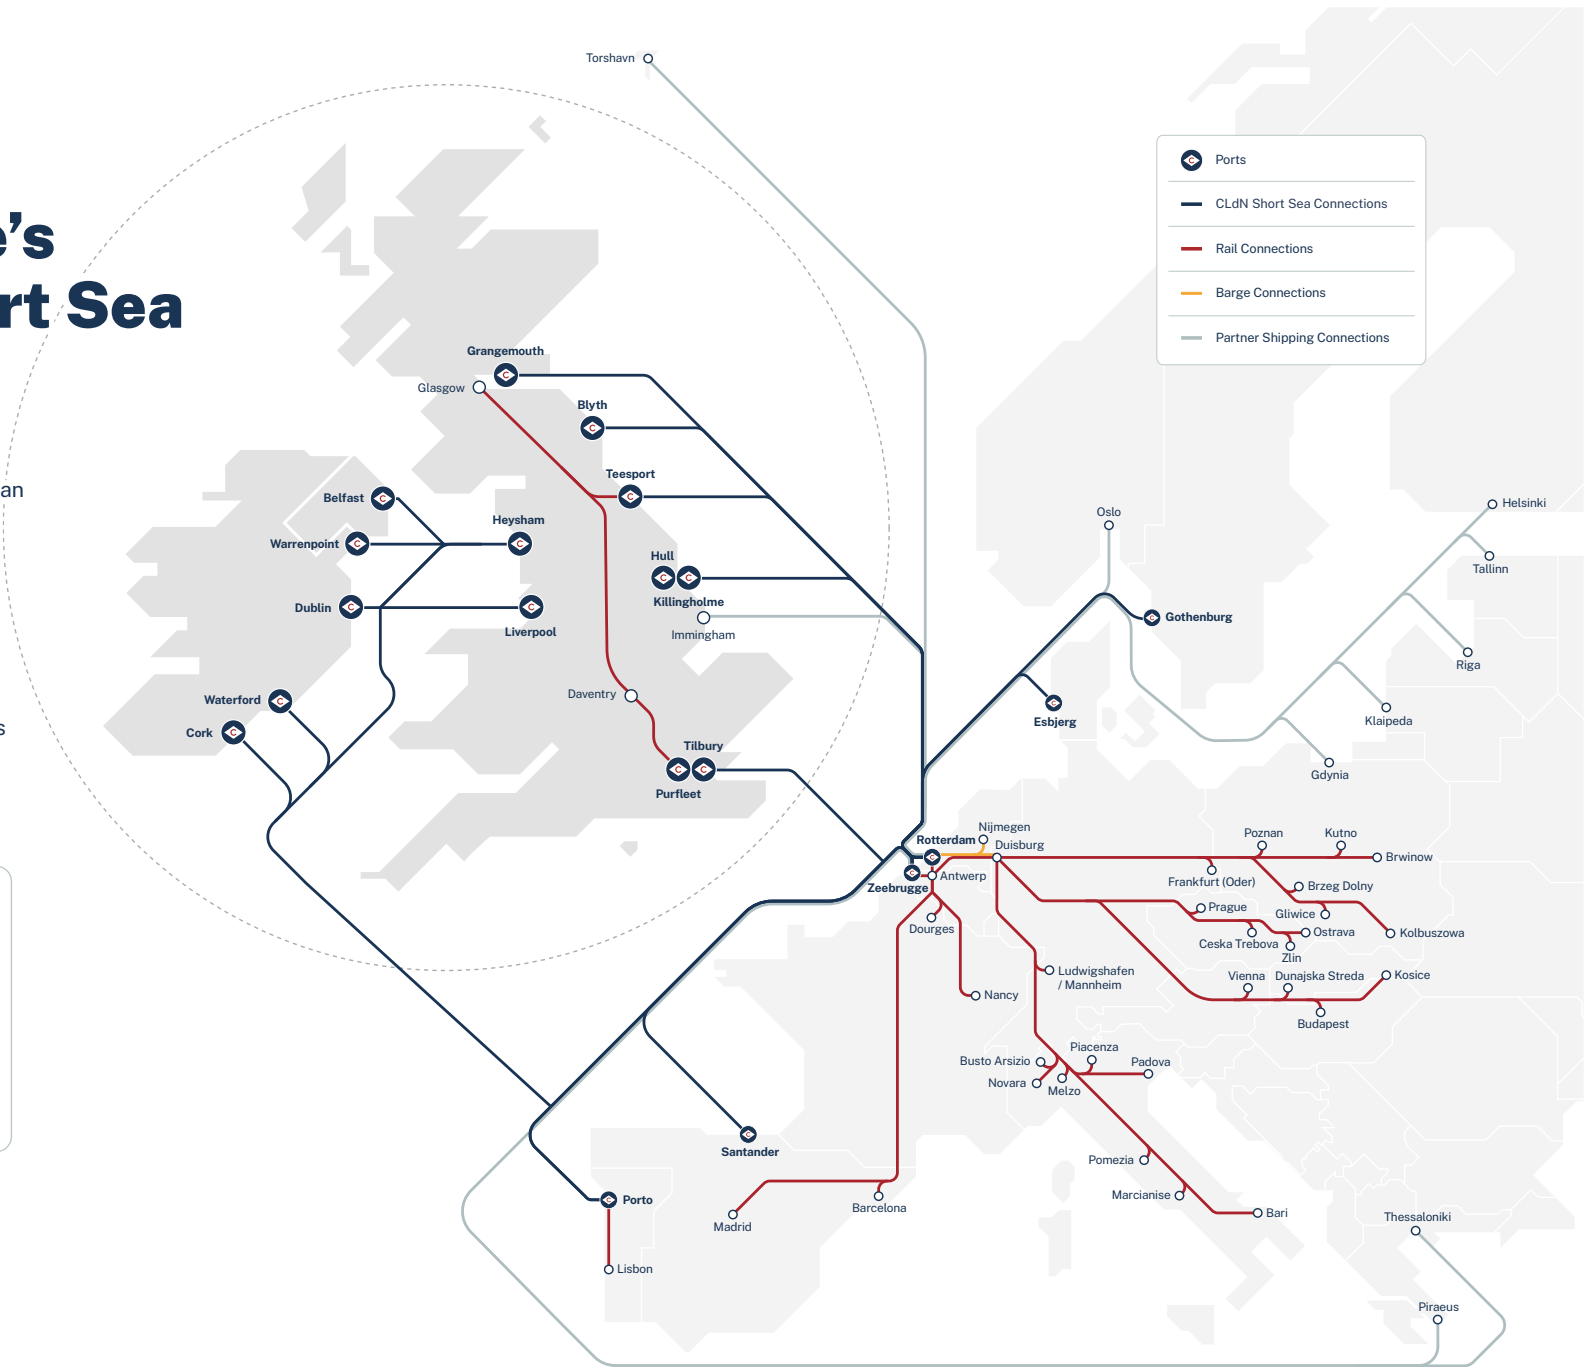

One of Europe's Broadest Short Sea Networks

Our extensive European freight networks connect our own terminals and other European ports through high-frequency sailings.

Our modern fleet keeps your supply chain moving while helping your business reduce road congestion and emissions.

We handle your cargo, including trailers, containers, tank containers, refrigerated units and special cargo.

- Frequent Departures
- Reliable Schedules
- Flexible Freight Capacity
- Comprehensive Port Connectivity
- Lower CO₂ Emissions

Comprehensive Terminal Services

We offer terminal handling services at our 7 ports in the UK and mainland Europe, including stevedoring of deep and short-sea vessels, handling and storage of all cargo types and intermodal handling (rail, barge).

Automotive Services

As an automotive logistics specialist handling over one million vehicles a year, we provide short-sea shipping, vessel stevedoring (short-sea and deep-sea), terminal handling, and storage for (new) cars, commercial vehicles, trucks, and buses. We also provide added-value services, including technical pre-delivery inspections, vehicle washing and enhancements, and technical inspections.

> CONNECT WITH

Integrated Door-to-Door Logistics

Our integrated cargo transport solutions bring our network of ports, ships, and railhead terminals together with over 9,000 trailers, containers and temperature-controlled units. We combine this with our deep multimodal experience, extensive relationships in road and rail transport, and customs services to collect, transport, ship, warehouse, and deliver your cargo throughout Europe.

Door-to-door, we're with you all the way, providing a single point of contact as we move your cargo to its destination in the most efficient, safe, compliant, and eco-efficient way.

> CONNECT WITH

Complex Cargo Expertise

With decades of maritime logistics experience, we provide specialist logistics solutions for complex, oversized and heavyweight cargo movements along Europe's key industrial corridors.

From industrial machinery and construction equipment to automotive, energy and infrastructure components, our dedicated handling teams manage every stage of the most challenging cargo operations safely, precisely and reliably.

Our dedicated handling teams manage every stage of the most challenging cargo operations

> CONNECT WITH

Smart, Lower Emissions Logistics

By focusing on taking cargo off the road and onto sea and rail, our multimodal approach supports more sustainable freight movement across Europe.

Our continuous investment in fleet modernisation, terminal infrastructure and operational efficiency helps you reduce the environmental impact of your operations while maintaining the on-time freight movements your business relies on.

CLdN's MV Delphine

One of the most fuel-efficient short sea vessels in the world

Reduced CO₂ emissions

Lower road congestion

Efficient intermodal transport

Modern fleet of owned vessels

Own port infrastructure development

CLdN is a leading provider of integrated quay-to-quay, door-to-door, and hub-to-hub logistics solutions. Founded in 1929, we ensure reliable and cost-effective transport links between Europe's major economic areas.

With 30 ships and more than 200 sailings a week, CLdN provides shortsea connections between the European continent, the United Kingdom, Ireland, Iberia, and Scandinavia and offers the lowest CO₂ footprint of all Western European short sea peers.

Our cargo and multimodal services have a Europe-wide reach using our extensive network of ships, terminals, and equipment. CLdN's 3,000 employees ensure that we fulfil our mission: to excel as an integrated provider of maritime links.
