To whom It may concern

Ref : Reefer Points in Ocean Pier Terminal – DSG.

Dear Client,

Reefer Points at the DSG Dublin Terminal are now at capacity on a daily basis.

It is noticeable that some clients are leaving IMPORT Reefer units an excessive number of days on quay causing congestion and tying up space required for free-flowing movement at our Reefer Points.

We must ensure we operate efficiently and import units are Urgently removed from the quay.

In order to safeguard future import arrivals and space requirements for export departures, we have no choice but to act on this and as a result with immediate effect, we are implementing a **Congestion Charge** on import Reefers.

The details of which are :-

Day 1 to 4	Normal charges to apply.
Day 5 to 7	€75 per day additional to normal charges.
Day 7 to 14	€150 per day additional to normal charges.
Day 14 +	€350 per day additional to normal charges.

Yours sincerely

A handwritten signature in blue ink, consisting of a large, stylized initial 'D' followed by a surname that is partially obscured by a horizontal line. The signature is written in a cursive style.
